

FBG Web Sessions – Students Meet Footwear Industry

Purpose FBG Web Sessions bring together students interested in footwear research, science, innovation and further related aspects primarily with partners from the industry. They contain a brief introduction of the speaker, a presentation by the speaker, followed by time for Q&A and interaction with the audience. The main goal of the FBG Web Sessions is to foster mutual exchange between students and industry.

Explicitly: These FBG Web Sessions are organized inclusively. While primarily addressed at students, all young and established researchers as well as further people interested in the field are welcome to join and participate.

Medium Zoom link, meeting id, and password for each session are provided below.

Announcement FBG Web Sessions will be announced by the FBG student email list, the FBG membership list, on the FBG homepage, and via further appropriate pathways.

Recording FBG Web Sessions will be recorded and made accessible to the FBG Community via the FBG homepage.

Hosts

Yannick Denis	FBG Student Representative contact: yannick.denis@hs-offenburg.de
Thorsten Sterzing	FBG Industry Representative contact: thorsten.sterzing@web.de
