

FBG Web Sessions – Students Meet Footwear Industry

Purpose	These FBG Web Sessions bring together students interested in footwear research, science, innovation and further related aspects with partners from the industry. The web sessions contain a brief introduction of the speaker, a presentation by the speaker, followed by room for Q&A. The goal of this FBG Web Session is to foster mutual exchange between students and industry.	
	Explicitly: These FBG Web Sessions are organized inclusively. While primarily addressed at students, further young and established researchers interested in the field are welcome to join as well.	
Medium	Zoom (weblink provided ahead of each session, please see below)	
Announcement	Each FBG Web Session will be announced to the FBG student email list, on the FBG Homepage, and via further appropriate pathways.	
Recording	Each FBG Web Session will be recorded and made accessible to interested people via the FBG Homepage.	
Hosts	Yannick Denis	FBG Student Representative contact: yannick.denis@hs-offenburg.de
	Thorsten Sterzing	FBG Industry Representative contact: thorsten.sterzing@web.de
